Benefits & Features

Optimized Tread Design for All-Season Control

- Optimized tread pattern Provides Consistent grip all year round

Optimal Wet Traction with Lateral Siping

- 3D Siping removes water from the tire surface for consistent traction in wet and inclement weather

Wide Circumferential Ribs Improve Handling

- Optimized tread pattern provides performance that lasts all year

Wide Circumferential Grooves for Control

- Wide circumferential grooves aid in the evacuation of water to reduce hydroplaning and improve control
