

The Carnivore is a true light truck-inspired tire, engineered for performance in extreme (west coast) terrains. With an 8-ply-rated radial carcass and a tread design that allows for ultimate control on and off-road, the Carnivore has the superb tread wear you expect from a Maxxis tire. This tire also features a specialized rubber compound for excellent traction on rocks, roots and desert terrains.

31/10.00R15 D Maxxis Carnivore ML1

BW (Front/Rear)

Part Number: TM00020300

Load Range: D

Sidewall: BW

Tread Depth: 28

Approved Rim Width: 15X7.0

Road Hazard: N

Benefits & Features

- 8-ply-rated radial construction
- Excellent for extreme terrains
- Specialized rubber compound for supreme traction and control
- Superb tread wear
